

# RARO BUGGY TOURS

Rarotonga

Raro Buggy Tours is one of the few 'drive it yourself' guided 4 wheel side by side adventure tours available on Rarotonga. This tour is full of adrenaline and highly recommended to everyone who enjoys the rush of driving through rough (ideally muddy) terrain.

Starting from your departure point at the Wigmores Superstore, your friendly local tour guide will take you on a journey first on the main road and then through to the back road known locally as the Ara Metua. From there you will get to have fun in the perfectly set up 'playground' where you can really take your driving skills to the test. To finish off, there will be an opportunity to either jump into the sea or into Wigmores Waterfall for a rinse off.

The tour also offers many great photo opportunities at each of the stops so don't forget to take your camera or go pro. To those looking to take on the challenge, we recommend to bring sunglasses, a towel and a spare change of clothes as it can get quite dirty and muddy especially on rainy days.

Raro Buggy Tours offers a fun and exciting way for visitors to experience Rarotonga. The wetter, the better!
